

IANA Driver Vehicle Examination Report Service

What is the purpose?

- Provide Intermodal Equipment Providers (IEPs) and Motor Carriers (MC) with notification that a Driver Vehicle Examination Report (DVER) has been issued for intermodal equipment, as well as e-mail delivery and ongoing web portal access to a “physical” copy of the Intermodal Equipment Provider Report, page 2 of the DVER.

Why is this needed for IEPs and MCs?

- Drivers are required to supply a copy of the citation to the MC and IEP. The intent of the regulation, per FMCSR 396.9 (d)(1), is that this should ideally occur within 24 hours of receipt. However, this process is proving operationally difficult.
- Within 15 days following the date of the inspection, the MC or IEP must physically certify on the form that all violations have been corrected, return a copy of the form to the issuing agency at the address on the form, and retain a copy for 12 months. IEPs are finding it difficult to meet this timeline due to inefficient paper based processes.
- DVER information in the FMCSA portal does not include the State jurisdictional contact details or the roadside inspector violation comment detail.
- Validation of potential inaccurate IEP identification on the DVER.

How did IANA get involved?

- IANA first addressed proper identification of the IEP on the DVER. Beginning in 2009, we worked with FMCSA and the States to embed GIER into the vehicle systems used by enforcement at roadside.
- This followed by joint IANA / FMCSA / Commercial Vehicle Safety Alliance (CVSA) enforcement officer training.
- In 2011, FMCSA and IANA discussed the possibility of IANA electronically delivering DVERs to IEPs and MCs due to anticipated DVER delivery process breakdowns within the Intermodal industry.
- Subsequently, IANA and FMCSA worked together to design and build a system that will, in a near real-time manner, route a copy of Page 2 (“IEP Report”) of the DVER to the appropriate IEP and MC, including storage, reporting, lookups and other functionality.

When will the new Driver Vehicle Examination Report Service be available for use by IEPs and MCs?

- The new DVER web portal was launched in conjunction with the 2013 Intermodal Expo and is available now to registered users.

How do IEPs and MCs register to use the new DVER web portal and delivery service?

- Go to <http://dver.intermodal.org/DVER/> and complete the simple online registration by clicking on “**Create an Account**”.
- Confirmation of successful registration will be sent to the IEP or MC along with their login credentials via e-mail. Upon receipt of this information – users will have immediate access to the DVER web portal.
