

➤ Pay Now Feature

When a user click on PAY NOW on an open invoice, if the user has not enrolled in AUTO PAY, then the Payment Method Screen will appear for the user to select how they wish to pay the invoice. Options are by Credit Card/Debit Card or ACH. User will select the payment method and then fill the applicable details depending on which payment method was selected.

Choose Payment Method

Invoice Details

Credit or Debit Card

ACH Debit

Bank Details

Ends in 9999
Routing Number 88888888
Account Type savings

Default

Add a New Bank

Enable Auto Pay

Note: When you enroll in AutoPay, we will automatically debit the bank account, debit card, or credit card you've chosen every quarter for the total amount due for your UIIA quarterly invoices. When your invoice is generated, you will receive an email notification that includes your quarterly invoice, and confirms that your payment will automatically be paid using the payment method you previously selected. A paid receipt will be sent via e-mail if the AutoPay option is enabled once the payment has been made. Also, your payment method will be encrypted and securely stored in Braintree's Vault.

Note: Once a payment method is saved on the account it will continue to show as the DEFAULT method of payment for the user's account unless changed. If User elects not to enroll in AUTO PAY, then they will be able to select the DEFAULT method to remit payment of their annual UIIA invoice, however they will need to log into their UIIA account to do so.

New MC Registration –

The Payment Details Screen for New Motor Carriers registering for UIIA participation will now ask Motor Carriers to select their preferred method of payment during the registration process. The new payment screen for new MC Registration is shown below. Motor Carriers will select which payment method they prefer – Credit/Debit Card or ACH and then complete the necessary details.

Note: The billing address will be pre-populated with the information that the motor carrier entered when completing the Participating Party Signature page.

The new MC will also have the ability to skip the payment details during the registration process should they wish to do so and provide this information at a later date.
