Edit Banned Driver Details:

The Edit Banned Driver Details is to make a modification to the banned information for a driver that is already in the banned table.

On the Banned Driver Search Screen, the user will enter the full Driver License's Number to bring up the details should driver already have a record in the banned table. If the driver is located, the detail record for the driver will be returned.

The screenshot shows the 'IDD INTERMODAL DRIVER DATABASE' interface. The top navigation bar includes 'BNSF Railway', 'BNAU', and 'SUB000029'. A left sidebar contains menu items: 'Manage Account Info', 'Manage My Users', 'Edit Banned Driver Details', 'Add Banned Driver Details', and 'Banned Driver Report'. The main content area features a search form with the heading 'Q Search' and the instruction 'Enter Search Criteria'. Below this are three input fields: 'Lic No.', 'Last Name', and 'First Name', followed by a 'Search' button. A yellow callout box with a red arrow points to the 'Lic No.' field, containing the text: 'Enter full Driver's License Number to Search for an existing driver in the banned table'. The bottom right corner has links for 'UIIA HOME' and 'UIIA Contact'.

Return of Detail Driver Record if Found: Any changes can be made to the record and then the user would press SAVE & CLOSE.

The screenshot shows the 'Edit Banned Driver Details' form in the 'IDD INTERMODAL DRIVER DATABASE' interface. The top navigation bar includes 'BNSF Railway', 'BNAU', and 'SUB000029'. The left sidebar is the same as in the previous screenshot. The main content area is titled 'Edit Banned Driver Details' and includes a note: 'Note: The date in the banned end date field is in effect until 11:59pm of that day's date. If you wish to remove a ban on a driver right away, you will need to enter the prior day's date in the banned end date field to do so.' Below the note is a 'Driver Details' form with the following fields: 'Lic No.' (input), 'License State' (dropdown menu showing 'TX'), 'First Name' (KIRK), 'Middle name' (B), 'Last Name' (input showing 'F'), 'Banned By' (C669560), 'Driver Associated with SCACs' (input), 'Banned Start Date' (05/12/2003), 'Banned End Date*' (12/31/2099 with a calendar icon), 'Location' (STPAUL), and 'Reason*' (no reason - old record). At the bottom of the form are 'Save' and 'Close' buttons. Below the form is a section titled 'Look Up for Archival and History' with a 'View All' button and a table with columns: 'Driver No.', 'First Name', 'Middle name', and 'Last Name'. The bottom right corner has links for 'UIIA HOME' and 'UIIA Contact'.

ADD BANNED DRIVER DETAILS

If the specific driver is not found when searching the banned driver table, the user will need to add the driver to the banned table. Click on **ADD BANNED DRIVER DETAILS** and enter the full driver's license number and license state and click on **SEARCH**.

The screenshot shows the IDD Intermodal Driver Database search interface. The search criteria section includes a search bar with the text "Enter Search Criteria". Below the search bar, there are two input fields: "Lic No.*" and "License State*" (a dropdown menu). A "Search" button is located to the right of the "License State*" field. A yellow callout box with a black border points to the "Lic No.*" and "License State*" fields with the text "Enter Full Driver's License Number and License State." The interface also shows a navigation menu on the left with options like "Manage Account Info", "Manage My Users", "Edit Banned Driver Details", "Add Banned Driver Details", and "Banned Driver Report". The top navigation bar includes "BNSF Railway", "BNAU", and "SUB000029".

If the driver is found, the system will return the detail banned record for the driver. If the driver is not found, a detail banned driver detail screen will be returned that has the license number and state entered by the user already populated in the record.

The screenshot shows the "Edit Banned Driver Details" screen. The form contains the following fields: "Lic No.", "License State" (dropdown menu), "First Name" (populated with "STEVE"), "Last Name", "Driver Associated with SCACS", "Banned Start Date" (populated with "01/04/2005"), "Banned End Date*" (populated with "01/04/2010"), "Location" (populated with "STOCKTON"), "Timestamp" (populated with "10/15/2009 14:41:15"), and "Reason*" (populated with "DROV/ACR/OGLANES/TO/EX"). There are "Save" and "Close" buttons at the bottom of the form. A yellow callout box with a black border provides instructions: "To add driver to banned table user will need to enter First Name, Last Name, Banned End Date, Location, Reason for ban. The Banned Start Date will be pre-populated with the date the banned information is being entered by the User. If the search finds that the driver already exists in the banned table, the driver's first/last name fields and any current banned information will be returned in the detail banned driver record. After information has been entered press SAVE & CLOSE". The interface also shows a navigation menu on the left and a top navigation bar with "BNSF Railway", "BNAU", and "SUB000029".

BANNED DRIVER REPORT

Users can also run a report of all drivers that are banned. This can be done by entering one of the following parameters:

1. Banned Expire Start Date – date the ban on the driver began
2. Banned Expire End Date – date the ban is scheduled to end for the driver
3. Banned Created/Modified Start Date – date the actual ban was created or modified
4. Banned Created/Modified End Date – date the actual ban was reinstated
